Project Access Austria

Apply to top universities

We'll help you - free of charge

Target Universities

Our expertise lies in the application to so-called "top universities", i.e. selective universities that are characterized by high research output

Great Britain

Cambridge University, Durham University, Imperial College London, King's College London, London School of Economics and Political Science, Oxford University, University College London, University of Warwick

United States

Brown University, Columbia University, Cornell University, Dartmouth, Harvard University, Massachusetts Institute of Technology, New York University, Princeton University, Stanford University, UC Berkeley, University of Pennsylvania, Yale University

Continental Europe

In Preparation

How we can help you

Work with an individual mentor currently attending one of our target universities to get personalized feedback on your application

Attend our Bootcamp, a three day university application seminar and acquire the skills needed to craft a successful application

Take our preperation and follow-up courses, where we will help you along the way to your target university: from orientation, to the selection of suitable courses, to interview training

Bootcamp

A free seminar that prepares you for the top university application.

How it Works

In a seminar group of 8-10 people, you will learn from our trainers, who are studying at one of our target universities, how you can apply successfully. The exact program varies for each participant depending on your seminar group and target school.

Bootcamp 2021

Bootcamp 2020 took place from July 31st to August 2nd. The details for the boot camp 2021 are currently being worked out.

You can already register for the Bootcamp 2021!

In 2021, the bootcamp will be open to Master and PhD applicants for the first time. We will organize a seminar group of 8-12 participants for "Graduate" applicants.
